

Road Trailers and Beach Trolleys for your Spiral.

While the Spiral 3.8 can be 'car-topped', your sailing experience will be much more pleasant if you have a good beach trolley that can be carried on a road trailer. Please note that the prices indicated here are subject to change by the various suppliers listed.

Beach Trolleys: There are several people in the Sydney Region who can supply trolleys to suit Spirals

Nathan Gilbert 0415 159 139

Supplies a welded aluminium trolley (pictured)
Priced from \$370

Mark Thorpe boats <http://www.thorpeboats.com/>
supplies an Aluminium Spiral Trolley for \$500

NB Sail Sports (Formerly NB Laser) <http://www.nbsailsports.com.au/store/index.php>
supplies trolleys adapted from their 'Laser' range. These are made from galvanised steel or Aluminium and range in price from around \$400 to \$520

Road Trailers: You have a number of options. Many Spiral sailors use a '6-by-4' or '7-by-4' box trailer to carry their boats. If you visit your nearest Spiral club or drop in at a regatta you will find many good set-ups for mounting the Spiral trolley on a trailer. If you are thinking about the '6-by-4' box-trailer solution, consider getting an extended draw-bar on the trailer (say 1300mm to 1500mm). This gives you less overhang at the back of the trailer and improves handling when reversing.

For purpose-built boat trailers there are many possible suppliers. Here are some that we are aware of:

Trailers and More 02 4578 8869

http://mail.trailersandmore.com.au/?_task=mail&_id=13730282494e260a6271a
